The meeting started at 12.00 noon with silent prayer

The meeting was presided by the President Mr. V Sunil Kumar. Welcome speech done by Dr.Ramani.

Mr. V Sunil Kumar, President of Kerala Hockey stated that we have started Hockey in 140 new schools by supplying Hockey sticks and balls in different parts of our state. Our aim is to increase it to 300 schools and Kerala Hockey will provide with them Hockey sticks, balls and training facility. Need to Evaluate the progress of the coaching in schools were we started new units. We need to increase the standards of the tournaments. Few of our team shows good performance but few are not up to the mark. To change this situation we have to introduce hockey to more schools in our state to identify good players and to provide adequate training. We heard some complaints about the selectors while conducting the championships, in order to avoid these complaints we had decided to appoint selectors from out of the state. While forming the new technical committee we should provide chances to new selectors and change all the old selectors to avoid such complaints. If necessary we will provide training for the incoming selectors.
